

2023 Homeless Count: Raw Data and Estimated Totals Maywood

Raw Data Gathered During the Homeless Count

Actual Persons Counted:

Sheltered*:	0
Unsheltered:	16
Total Actual Persons:	16

Improved Dwellings Counted:

Cars:	1
Vans:	1
RVs:	1
Tents:	5
Makeshift Shelters:	8
Total Dwellings:	16

Estimated Number of People in Dwellings (derived using multipliers from SPA-wide surveys)

Please note: multipliers are designed for accuracy at the SPA level. Use of multipliers in areas smaller than the full SPA can be helpful for planning purposes, but the result should not be regarded as definitive.

SPA 7 Dwelling Type Multipliers:

Dwelling Type	Avg. Occupancy	± Error	# Counted	Raw Count x Multiplier
Cars	1.47	0.60	1	1.47
Vans	1.60	0.76	1	1.60
RVs	1.89	0.81	1	1.89
Tents	1.45	0.19	5	7.25
Makeshift Shelters	1.73	0.48	8	13.84
<i>Rough estimate of people in dwellings using multipliers:</i>				26.05
Rough estimate (rounded):				26

Estimated Total Persons

Actual Sheltered Persons*:	0
Actual Unsheltered Persons:	16
Roughly Estimated Persons in Dwellings:	26
<i>Roughly Estimated Maywood Total:</i>	<i>42</i>

*Please note: Sheltered counts do not include clients sheltered with vouchers or in programs with confidential addresses, such as shelters for clients fleeing domestic violence. Voucher-based program data is not available at the census tract level. Data for confidential sites is included only in summaries at the SPA-level or larger to protect their confidentiality.
