

NOTICE FROM THE CITY OF MAYWOOD

July 2, 2020 at 8:00 a.m.:

On July 1, 2020, Governor Newsom declared that the spread of COVID-19 across California is happening at an alarming rate. Effective immediately, California is ordering indoor operations to close in these sectors in counties on its watch list, including Los Angeles County, to reduce the risk of spread:

Restaurants, Wineries and tasting rooms

Movie theaters

Family entertainment centers

Zoos and museums

Cardrooms

The order applies to all of Los Angeles County for at least three days. These orders will remain in place for at least **three weeks**.

As a reminder the county is enforcing BEACH CLOSURES. All parking facilities at state beaches in Southern California and the Bay Area will be closed this coming weekend.

On this FOURTH OF JULY WEEKEND, the state recommends Californians not gather with people that you don't live with. Maywood residents are urged to follow physical distancing and infection control directives and wear a clean cloth face covering and avoid house gatherings. The City would like to remind everyone that ALL PARKS in Maywood are closed.

"We may be wearing those masks at the beginning of our time together," Governor Newsom said, but noted that masks are often put aside as gatherings continues. The state also recommends avoiding crowds this weekend, as well as while coronavirus continues to significantly affect California.

Today, Public Health has confirmed **2,002** new confirmed cases of the novel coronavirus (COVID-19) in one day, bringing us to a total of **629** confirmed cases overall in the City of Maywood.

We strongly encourage all to do the following:

1. Wear a mask!
2. Continue to practice physical distancing and regular hand washing.
